SELOC Urban Trails – Hindley

Name:

Start time:

The value of each checkpoint (control) is the first number x10 i.e. 15 = 10 points, 33 = 30 points etc.

At each numbered checkpoint there is an item of street furniture. Each item will have a number or text on it. Part of the number is listed next to the answer. If the MapRun app doesn't beep, you can write the answer in the box or tell us at the finish and we'll check your track and credit your score.
